RE: Pharmacy Medical Duplicates

Effective for dates of service beginning **APRIL 01, 2020**:

Pharmacy Medical Duplicates-

Identifying duplicate payments for the same treatment made on both a member's medical benefit and pharmacy benefit. Identifying scenarios where a drug was filled at the specialty pharmacy and shipped to the doctor's office. The medication administered to the patient at the doctor's office was supplied by the specialty pharmacy and not purchased by the doctor's office. The drug was erroneously billed by the doctor's office on the medical benefit and reimbursed in error.
