RE: 2023 Aetna Better Health of Michigan (ABH of MI) Pay-for-Quality (P4Q) Program Update

Dear Valued Provider,

Effective immediately for the 2023 ABH of MI P4Q Program, the following two (2) codes have been added to the quarterly Care Management & Care Coordination service list:

- 99498 – Complex Chronic Care Management
- 99490 – Chronic Care Management Services

The addition of these codes serves to align the goals of The Michigan Department of Health and Human Services and ABH of MI by improving care coordination and transition of care for Medicaid members. The ABH of MI P4Q program continues to reward providers for achieving a level of quality performance and ongoing efforts to drive value-based care. As part of the program, providers are eligible for a \$25.00 incentive per care management and care coordination service appropriately rendered and billed during the measurement period. Should you have any questions concerning this program, please Provider Services at **1-855-676-5772**. Thank you for your valued partnership.
