

# Notification to Members and Providers of End of Fair Hearing Flexibility

## Attestation

### Purpose

An attestation is required to confirm that MCOs have notified members about the end of the fair hearing flexibilities as outlined in MCO notice *Update to COVID-19 Accommodations for the Member State Fair Hearing Process*.

### Instructions

1. Section I – Insert the MCOs name, plan code(s) and date the form is submitted to HHSC.
2. Section II – Review the Requirements Information
3. Section III - Add name, signature and date

### Section I. MCO Information

Name	Plan Code(s)	Date Submitted

### Section II.

The MCO certifies compliance to notify members of the end of the fair hearings flexibilities, as outlined in MCO notice *Update to COVID-19 Accommodations for the Member State Fair Hearing Process*, no later than April 11, 2023. Required steps include:

1. Notified members that certain fair hearings flexibilities will end on May 11, 2023. MCOs have the flexibility to use multiple methods of notification (e.g., a letter, email [if there is member consent to do so]). However, HHSC expects written documentation to be provided to all members by April 11, 2023. MCOs may send one notice per household or combine with other notices. For example, if a member has three members living in the same household, one notice can be sent to the household instead of three separate notices or if a MCO is sending a notice about other COVID-19 flexibilities that are ending, they can group the notices into one combined notice.
2. The MCO acknowledges that they have read and understand the provisions of HHSC’s request.

### Section III.
